Re: Petition Pursuant to 37 C.F.R. §1.47(a)

U.S. Patent Application No.: 09/954,677

Filing Date: 09/15/2001

Title: ENVIRONMENTAL SHIELD FOR A TRUCK MOUNTED

CONCRETE MIXER Inventor(s): O'Connell, et al Our Ref.: 061300-0242

Dear Ms. Brinkley:

The material attached to this letter is supplemental to the Petition previously filed in the subject case relating to the non-signing inventor, Jack Harowitz. In accord with our telephone conversation, we are enclosing material to confirm that the documentation relating to the subject application was sent to the three individual inventors, specifically Jack Harowitz on or about December 23, 2003. The material was forwarded by United Parcel Service. The material forwarded to Mr. Harowitz includes an instruction letter from Attorney Brad Bauknecht, counsel for Oshkosh Truck Corporation. Also enclosed is the shipment receipt and package tracking information from UPS as well as a letter from Attorney Bauknecht dated April 13, 2004 which indicates that a subsequent phone conversation with UPS confirmed that the package containing the Declaration, Power of Attorney and Assignment of the subject application was delivered to the address of Mr. Harowitz and left at that address.

We believe that the enclosed information satisfies the proof that the non-signing inventor could not be reached or refused to sign after having been presented with the application papers. Accordingly, we respectfully request that you reconsider the Petition and withdraw your decision refusing status under 37 C.F.R. §1.47(a). We have enclosed a copy of your decision refusing status which was mailed on April 1, 2004.

Responsibility for Loss or Damage

Unless a greater value is recorded in the insured value field as appropriate for the UPS shipping system used, the shipper agrees that the released value of each package covered by this receipt is no greater than \$100, which is a reasonable value under the circumstances surrounding the transportation. UPS does not accept for transportation and shipper's requesting service through the Internet are prohibited from shipping packages with a value of more than \$50,000. The maximum liability per package assumed by UPS shall not exceed \$100, regardless of the purchase of insurance for protection in excess of \$100. The maximum liability per package assumed by the applicable insurance company shall not exceed \$50,000 (less \$100). Claims not made within nine months after delivery of the package (six months for international shipments), or in the case of failure to make delivery, nine months after a reasonable time for delivery has elapsed (six months for international shipments), shall be deemed waived. The entry of a C.O.D. amount is not a declaration of value for insurance purposes. All checks or other negotiable instruments tendered in payment of C.O.D.'s will be accepted by UPS at shipper's risk. UPS shall not be liable for any special, incidental, or consequential damages.

All shipments are subject to the terms and conditions contained in the UPS Tariff and the UPS Terms and Conditions of Service, which can be found at www.ups.com.

In re Application of

William J. O'Connell, Michael B. Calhoun

and Jack Harowitz

Application No. 09/954,677

Filed: September 15, 2001

For: ENVIRONMENTAL SHIELD FOR

A TRUCK MOUNTED CONCRETE:

MIXER

OFFICE OF PETITIONS

DECISION REFUSING STATUS

UNDER 37 CFR 1.47(a)

(LEQ. FOR KECONSIDER ATION)

RESPONSE DUE 6/1/04

1 MO RAIK 5/1/04

This is in response to the petition under 37 CFR 1.47(a) filed March 16, 2004.

A review of the record discloses that the above-identified application was filed on September 16, 2001 without an executed oath or declaration and naming William J. O'Connell, Michael B. Calhoun and Jack Harowitz as joint inventors. On October 16, 2001, a "Notice to File Missing" Parts of Application was mailed requiring an executed oath or declaration, filing fee and requisite surcharge. Since no response was filed, a Notice of Abandonment was mailed on November 10, 2003. In response, on January 9, 2004, applicant filed a petition to revive under 37 CFR 1.137(b), the requisite filing fee and surcharge and a partially executed declaration. The petition was dismissed in a decision mailed January 27, 2004. On March 16, 2004, the present petition under 37 CFR 1.47(a) was filed.

The petition is DISMISSED.

A grantable petition under 37 CFR 1.47(a) requires: (1) proof that the non-signing inventor cannot be reached or refuses to sign the oath or declaration after having been presented with the application papers (specification, claims and drawings); (2) an acceptable oath or declaration in compliance with 35 U.S.C. 115 and 116; (3) the petition fee; and (4) a statement of the last known address of the non-signing inventor. Applicant lacks items (1) set forth above.

Rule 47 applicant is given TWO MONTHS from the mailing date of this decision to reply, correcting the below-noted deficiencies. Any reply should be entitled "Request for Reconsideration of Petition Under 37 CFR 1.47(a)," and should only address the deficiencies

noted below, except that the reply may include an oath or declaration executed by the non-signing inventor. Any extensions of time will be governed by 37 CFR 1.136(a).

As to item (1) applicant has demonstrated that Mr. O'Connell has received that application papers and refused to sign. However, the petition is defective as it relates to Mr. Harowitz, who purportedly cannot be reached. Rule 47 applicant has simply stated that inquiries were made regarding Mr. Harowitz' whereabouts and calls were made, for which there were no answers. Applicant does not state that a copy of the application papers was sent to the last known address of Mr. Harowitz. Accordingly, a copy of the application papers should be sent to the last known address of Mr. Harowitz with a request that he sign the declaration for the patent application. A forwarding address should be requested. If the papers are returned, and other attempts to locate the inventor, e.g. through e-mail or the telephone continue to fail, then applicant will have established that the inventor cannot be reached.
